

## 2016 eLearning Summer Symposium TECHNO ADVENTURE

**DIRECTIONS FOR USE:** Find a partner to work with for the next 45 minutes. To complete the tasks, one of you will need to have a phone, tablet, or laptop that can access the internet.

These activities will hopefully challenge you and expand your understanding of the digital landscape. You may have experience with some of the tools used and places visited, but maybe not? Perhaps your partner will have ideas about how they can be used in classes.

NAME: \_\_\_\_\_

NAME: \_\_\_\_\_

GROUP NUMBER

### Define Your Group Part 1

Ask your partner to describe the most important qualities for a physical classroom to have to encourage learning. Paraphrase their comment and share that on the following Google Doc. Each member of the group should complete this task.

Here is the Google Document:

### BONUS ACTIVITY

Add a picture of your group!

---

### The Canvas App

Do you have the Canvas app?  
Do your students use the app?  
Open a browser on your device and go to:

[bit.ly/uwbcanvasapp](http://bit.ly/uwbcanvasapp)

Click "Join this Course" in the Upper right.  
Using the app, post to "elearning symposium" the discussion in the course.

---

## SECOND SESSION 1:45 – 3:00

Find your same partner from this morning to work with for the hour. As before, to complete the tasks, one of you will need to have a phone, tablet, or laptop that can access the internet.

---

### Picture Active Learning

You will need to install the Google Slides app on your phone or tablet. Add a new slide and a picture that represents active learning in some way to the following presentation.

If you are using a laptop you can add a slide in your browser.
